INTER-CLASS MEET  
THIS AFTERNOON

Vol. VIII

Salinas, Calif., Friday, March 10, 1939

Number 22

## Music Group Presents 2nd Annual Concert

*Fifty Jaysee  
Girls to Become  
Movie Starlets*

COLLEGE BEAUTIES  
TO RIDE BICYCLES  
ON PEBBLE BEACH

Fifty Jaysee girls will be in the movies tomorrow. Metro-Goldwyn-Mayer studios are borrowing a bus load of junior college beauties to use in a picture being filmed this week at Pebble Beach.

Tomorrow under the eye of an M. G. M. camera, the girls will ride shining bicycles over the beautiful paths and lawns of the 17-Mile-Drive.

After a hard day in front of the camera, the girls will have lunch at the Del Monte Lodge. Larry Sweeney, Del Monte swimming instructor, is in charge of the excursion. Miss McKay is handling the junior college arrangements.

Those who have signed up are Eleanor Beaumont, Marie Heer, Elaine Levy, Trevora Peterson, Ellen Lowell, Margaret Hunsucker, Jean Meese, Anna Veet, Orvalie Fabing, Betty Lou Smith, Betty Mainero, Anna Gubser, Victoria Panziera, Alma Stephenson, Anne Spencer, Florence Hurst, Vivian Stephenson.

Leona Williams, Alta Olds, Nancy and Margaret Werner, Barbara Lamb, Janice Lamb, Rosie Mondelli, Arlene Keller, Betty Weston, Billie Kimzey, Nancy Pennycook, Eleanor Leach, Ernestine Morehead, Phyllis Shaffer, Jean Hollingsworth, Betty Holman, Frances Crosetti, Fanny Mattone, Helen Momand.

Catherine Bernard, Flora Panziera, Jayne Beevers, E. Gomez, Evelyn Blaser, Marjorie Easton, Rose Panziera, Raelle Wells, Jane Simpson, Doris Chavoya, Fern Fenton, Dorothea Dawson, and Virginia Lafranchi.

In case of any vacancies there are some extras signed up. They are Dottie Crook, Kay Mercer, Ann Rozich, Eleanor Rogers, Maxine McElroy, Sally Hayes, and Betty Thayer.

### CHANGES TO BE MADE IN J. C. OFFICES

The new office across the hall has been accepted by the school board with the exception of a few minor defects which will be removed within the week. However, the board has not yet disclosed when the long trek across the hall will take place.

This will be the set-up in the new office: President Werner's new office will be on the left as you enter, and Mr. Peavy will be situated in the far corner next to the safe. Miss Wiechring will resume her familiar place behind the counter.

The old office, however, will not fall into wrack and ruin. Dr. Hall will occupy President Werner's former office and the student body president will occupy the inner office. The reception room will be used for a social science study room and for commission meetings.

And here is some more news from the construction front: Mr. Geyer, the contractor for unit No. 3, informs us that the hall lockers have been ordered and within the month we will probably have lockers enough to go around without doubling up.

## Selections to Include Both Light and Grand Opera

TROMBONE DUO PLAYS TONIGHT

Two popular Jaysee trombonists featured on tonight's concert program are, above, left to right, Arthur Kerner and John Burchett.

### LOCAL AIRMEN GROUNDED; BAD WEATHER BLAMED

Wind and rain prevented the Salinas Junior College aviation clubmen from taking to the air this week. Already the members have three hours of dual flying to their credit. Seven hours more and nine junior college students will be solo flyers.

Harry Menda and Joe Maddalena are the newest additions to the club. Mr. Langdon, engineering teacher, is also included as a student.

Because of the increase in membership in the flying school of high school students as well as of Jaysee students, an expert assistant pilot, Johnny Snoden, has been added to help instruct the air-minded men. Mr. William Swain, manager of the local airport where the students take their lessons, is the chief instructor.

### LAW ELECTED NEW PRESIDENT OF S.A.P.

Bill Law was chosen to succeed Margie Reimers as president of Sigma Alpha Pi at an election last Friday afternoon. The meeting was called by Vice-President Phyllis Harrah.

The new vice-president for the spring semester is Betty Lou Smith. Ardath Bare, who was elected secretary-treasurer of the club, resigned recently upon her appointment as secretary to the dean of women. A re-election will be held next week to choose a new secretary-treasurer.

### BAND IS THANKED

William G. Blanchard, of Pomona College, wrote a letter to Lorell McCann, band director of the Salinas Junior College band, thanking the band members of Salinas Jaysee for their splendid cooperation shown in the recent band conference at Pomona College.

Soloists To Be  
Featured During  
Evening's Program

It'll be the best concert since Stokowski appeared in Carnegie Hall! That's what is predicted for tonight when the Jaysee music department presents its second annual spring concert in the high school auditorium beginning promptly at 8 o'clock.

Featuring the finest musical talent available, the concert will present as featured soloists four Jaysee students. John Coustette will play a bass horn solo. John Burchett and Art Kerner will team together in playing a trombone duet. Miss Maie Goodman will play a flute solo in which she will be accompanied on the piano by Miss Virginia Sturtevant.

In its initial concert appearance, the A Capella choir, under the direction of Miss Gertrude Lowe, will sing three numbers.

The concert orchestra will start the program playing light opera and grand opera selection to be followed by Miss Goodman's solo. The A Capella choir will then present its song and will be followed by the concert band with its soloists.

The complete program will be as follows.

#### Orchestra

"Merry Widow" selection (Franz Lehar).

Intermezzo from "Goyescas" (Enrique Granados).

"La Traviata", Fantasia (Verdi).

"Serenade" (Bolsdeffre).

"Allegretto" (Godard). Maie Goodman, flute; Virginia Sturtevant, accompanist.

#### A Capella Choir

"Golden Slumber," English Air (Arr. Robertson).

"Lost In The Night" (Christian).

"When Allen-A-Dale Went A-Hunting" (De Pearsall).

#### Band

"Maroon and Gold" March (Lorell McCann).

"Witch of Endor" Overture (R. E. Hildreth).

"Pals", Polka (G. D. Barnard).

John Burchett, Art Kerner, trombonists.

"Malaguena" (Ernesto Lecuona).

"Air Waves", March (Olivadoti).

"Stupendo", Concert Polka (Brahmstedt). John Coustette, Sousaphone.

"On the Trail" from "Grand Canyon Suite" (Ferde Grofe).

"Triumphal March" (Dudley Buck).

### POLICE WILL ARREST ANY HITCH-HIKERS

"SALINAS.—Highway patrolmen of Monterey county on night duty were ordered by Captain L. T. Torres Tuesday to 'arrest on sight' any person found walking in the same direction and on the same side as traffic on highways and roads outside of incorporated areas. This includes hitch-hikers.

"The mounting death toll of pedestrians through their own negligence on Monterey county highways has got to stop," according to Capt. Torres.

He referred to the death of six pedestrians in this district so far this year.

## Anniversary Day Is to Be March 31

TREE PLANTING CEREMONY;  
DINNER TO BE GIVEN  
FOR MEN

Annual Anniversary Day, dedicated to the beautification of our Alma Mater, will be held on March 31.

Since the beginning of our institution, Anniversary Day has been an annual occurrence for the purpose of improving the general appearance of our Jaysee. It is said to be one of the outstanding occasions of the year. The male students will turn out for a half day for the purpose of beautifying the school grounds and buildings.

The movement has always received the whole-hearted support of everyone. Everybody is looking forward to a gala occasion.

Last year Anniversary Day was celebrated by a race between two crews of men to see which group could get the most ground spaded in preparation for the front lawn. By looking at the lawn today, you can easily see how worthy is the purpose of the movement.

This year the theme of the work will be tree-planting designed to improve the landscape and furnish some welcome shade on the warm days.

As a reward for their labors the men are entertained at night by a dinner given by the women. Entertainment always accompanies the dinner, and on this occasion it will consist of the intercollegiate boxing matches sponsored by the Men's Club. Bouts with San Mateo J. C. are definite and San Jose will probably enter.

Norman Rial will be the defending champion. There will be ten or twelve bouts.

### Gala Spring Skating Parties to Be Given By La Reata Soon

The second in the series of four gala skating parties to be given by La Reata during the spring semester will be held in the Del Monte League Roller-drome Wednesday evening, Mar. 22. Tickets go on sale Monday. Prizes to the holders of the lucky stubs of the advance sale tickets, and door prizes will be awarded during the evening. The general chairman in charge of this skating party, Margie Reimers, is in search of a different entertainment to amuse the student body members present at the skate, to make La Reata's monthly parties really something to anticipate. If you haven't gone to any of the skating parties, be sure to come to this one. If you have attended them regularly, you will naturally plan to be present at this one. So we'll see each and every one of you at the League Roller-drome March 22. The admission price is 35 cents, so stick it under your mattress NOW!

### GRADUATES TAKE NOTICE

Mr. Sauble, the dean of men, wishes to issue this reminder: all students intending to be graduated in June should file their applications with either Mr. Sauble or Miss Fraser immediately.

# EDITORIALS

## ARE YOU IN DEBT?

To be in debt and without assets is to be unfit to die, should the occasion occur. If you fall easily into debt in your school life, what will you do in later years against more determined collectors?

Many students owe the school money for sports, registration, books, and other more nominal objects. If you are one of these students and if you wish to get anywhere in life, pay all your debts now, or at the earliest possible moment. Then, in leaving this college and upon entering into adult home and business life, your slate will be clean; and who does not admire a clean slate?

There can be no satisfactory argument against paying what one owes, as long as one persists in wasting "change" on confections, which is a common college practice.

So, pay up your debts, walk around in rags; but be free and ready to leave this earth in great style, should you be summoned unexpectedly.

## LUNCH ROOM SUGGESTED REMEDY FOR UNTIDINESS OF NOON-EATERS

More than 75 per cent of the students attending this college bring and eat their lunches here daily. As a result, everyday rendezvous are held which leave the new classrooms littered with waste paper and lunch wrappers.

No class can be expected to be at its best while wallowing in trash, and as this college wishes its classes to be always at their highest level, the trash will have to be eliminated.

"How?" inquire several students, commenting that lunch-eaters cannot be personally forced to throw rubbish into hall cans. Others have adopted a more optimistic viewpoint and suggest the providing of a general dining hall where anyone may eat and enjoy his lunch at any time of the day.

There already exists such a haven. It is the clubhouse on the northern extremity of the campus and it is open all day to anyone desiring a resting place in which to eat his lunch. Milkshakes and quick lunches are served during noon hours and a radio is situated near luxurious sofas and lounge chairs.

For those who desire them, cottage-style dining sets are available at all hours. More conveniences which are found at home may also be had at the clubhouse.

## ST. PATRICK'S DAY DANCE TO HAVE DATE BUREAU

"Oh, My 'Wild Irish Rose', dear old 'Mother McCrea', Pat and Mike — all will be welcomed by the social activities committee into the college library on the evening of St. Patrick's Day, March 17 where they may skip the light fantastic in good old Irish style. For the first time since last March 17, the wearing of the green will not be an indication of a neophyte, and perhaps even the moon will turn into green cheese to help us celebrate St. Patrick's Day.

General chairman of the dance will be James Young, who was appointed to that position by Vivian Stephenson at a meeting of the social activities committee Tuesday.

The committee decided that all future student body dances would be strictly for the Jaysee students. One member of every couple will be required to possess a student body card.

To insure the presence of more couples and fewer stags at the dance, Jean Meese has introduced a delightful means of twirling Joseph and Josephine College for the evening. The date bureau is the new innovation which is guaranteed to satisfy. Anyone looking for a partner for the party should inform Jean Meese.

The admission for the St. Patrick's dance will be 50 cents a couple, and 35 cents for the free lance, so get that date as soon as possible. Patronize the Jean Meese Date Bureau or grab your own little Irish escort. But don't forget to reserve the evening of March 17 for a party that's really different.

## Women's Conference Planned For Fresno

The annual conference of Alta California Association of Women Students, a meeting of the Women's Athletic Association and Associated Women Students of the junior colleges of the Northern Conference, will be held this year at Fresno State College, March 17 to 18.

This conference is held each year to discuss women's sports and talk over rules and regulations of the preceding and coming years.

Last year the meeting was held at Chico, but no one represented Salinas Jaysee.

Mrs. Hope Baxter and a representative of Upsilon Gamma Chi, together with Miss Freida Hutchinson and a number of representatives from the Girls' Athletic Association plan to attend.

## R. D. CASE ATTENDS EASTERN MEETING

Superintendent of Schools R. D. Case attended the annual meeting of the American Association of School Administrators in Cleveland, Ohio, last week. Theme of the meeting was "We Must Retain Democracy."

Monday afternoon Dr. Case spoke to the association on the topic, "Controlling Intelligently Regulators of Behavior, a Fundamental in the Pupil's Life."

Dr. Case flew both to the meeting and back. "The most beautiful sight I have ever seen," he said, "was Treasure Island at 11 p. m. from an altitude of 3000 feet."

With the limitation of space in the Battery this week it was impossible for us to publish a letter from Don Mammen. We regret this very much.

## Famous Artists to Exhibit At Little Art Gallery

Nationally acclaimed artists will provide the paintings which will succeed the present exhibit in the Salinas Jaysee Little Art Gallery. The Carmel Art Association will contribute its collection of fine paintings to display for the enjoyment of Jaysee students and the public during the next three weeks.

The exhibit will remain in the Little Art Gallery from March 17 to 31. Mr. Amyx, faculty advisor of the Art Club, which sponsors the Little Art Gallery, states that he expects a record number of both students and outsiders to visit this promising exhibition.

## NEW CLUB MEETS WITH MR. WERNER

Holding their first meeting at President Werner's Corral de Tierra home, the members of the newly-organized College Service Club were the guests of Mr. Werner and Ted Spaulding at a barbecue Sunday, March 3.

Following an afternoon of baseball and a gigantic barbecue, the members of the club talked over, with the faculty members that were present, the problems confronting the junior college.

It was decided that another meeting would be held tonight in the girls' clubhouse when the members will elect officers and choose a name for their organization.

The members present were: Bill Law, Roy Voris, Lewis Nelson, Dick MacFarlane, Jim Young, Richard Hamby, Marlen Dimick, George Laughton, Stan Greening, Charles Stefan, Bill Frazier, Dick Carlisle, Dick Snell, and Ted Spaulding.

Faculty members present were: Mr. Werner, Mr. Murrin, Mr. Amyx, Mr. Peavy, Mr. Sauble, Mr. Langdon, Mr. Eris, Mr. Aughinbaugh, Mr. Lemos, Mr. Winter, Mr. Adams, Mr. Clarke, Mr. Addison and Mr. McCann.

## KAY KYSER TO PICK QUEEN

An election was held to choose the judge of the pioneer queen contest to be held at Sacramento J. C., and Kay Kyser won by a landslide. Others who were voted for were Charlie McCarthy, Walter Winchell, Mickey Rooney and Fred MacMurray. If we could get Kay Kyser to come here, why don't we have a contest, too?

## WHAT A BLOW

Snob: "Well, sir, what did you find out about my family tree?"  
 Genealogist: "That the entire crop was a failure."

## IT HELPS

Recent ad from a perfume and soap factory: "If you don't use our soap, for God's sake use our perfume."

"Look here, colored boy, why is you borrowing this here razor?"  
 "Well, Rastus, if my wife is all alone I is gwine to shave."

## STUDENTS ASKED TO FOLLOW THIS METHOD FOR LOAN

Because of lack of knowledge, many students have not used the correct procedure in obtaining loans from the student body.

It is asked that the students desiring loans comply with the following correct procedure in order to avoid a great deal of unnecessary trouble:

1: A requisition should be filled out and signed by the person in charge of the budget. (Requisitions are obtainable at office.)

2: Requisition is given to commissioner of finance.

3: The budget is checked to see if there is sufficient money for the loan.

4: A purchase order, which authorizes the person to charge to the student body, is then issued.

It is important to note that without a purchase order, the student body will not hold itself responsible for anything charged to it; also the maximum amount of the bill should be put down, and the bill should not exceed that amount.

## SPEECH STUDENTS EMPLOY GESTURES

Members of Miss Fraser's public speaking class have been giving demonstrations as a part of their class work. The purpose of these demonstrations is to develop ease in speaking and gesturing.

Two especially good demonstrations were given by Sam White on "How a Telegram Is Sent" and by Jim Fassett on "Pressure In the Air."

Other subjects used for the demonstrations were "How to Ski", "How to Play a Saxophone", "How to Lead a Band", and "How to Sit Correctly."

# FEAT U R E S

## Ramblings

Following in her sister's footsteps is Trudy Stevenson. She, too, is heading for a romance with a King City Romeo. This time it's Don Paul, however.

Johnny Mitchell seems to have recovered without a broken heart or any scratched feelings. He seemed to be enjoying himself thoroughly Friday night at Rio Del Mar with Jean Meese.

We hear that Art Barter, that "reddish-blond" with the tricky English accent, has a steady in the person of Harriet Holman, a former student of S. J. C.

Vicky Panziera has found a new purpose in life. He's Freddy Evans, her heartbeat from down Soledad way. We wondered why she suddenly decided to start work on her hope chest. Don't be surprised, everyone, if she suddenly pops up married.

Spike Holloway has found a new interest. It's a red-head this time and her name is "Babs" Hawkins. This latest will be a romance in technicolor for Spike.

We overheard a conversation where school was the topic. It seemed to be the opinion that the school this year lacks something. Last year the school was like one large group; this year it's broken up into small-town cliques. We didn't have as many dances last year but those we had were well-attended. We had no lawn. We had six-foot weeds out in front. Yet there was more school spirit and general fun. There was no such thing as a dance with only five or six people attending. What do we lack! If we are going to pull out of our slump it will have to be within the next six weeks. Give us your opinion.

There's blackmailing evidence in Don Zamzow's blackeye. Says Don, "But it was dark and I didn't see the door and then, whim-bang-whoppo." Might we say that we have heard that one a few times before?

Ruthie Osborn, of the "double-talk" Osbornes, has quite a few of the boys going on their ears. Maybe many a romance there.

Dick Carlisle is of the opinion that too many girls go with out-of-school boys. Well, Dick, I look in the crystal ball and what do I find? Allah says, "It's better to be a fool and rush in, than to be an angel and be rushed out." Don't bank on that too much, however, because I used the same system of the magic ball on the movie quiz and look what happened.

Beverly Gourdain has conquered another swain! This time it's Malcolm Gilchrist.

Indoor sports are just as interesting as outdoor sports! Look at Howard Levy and Patti Martinelli for example. If I were a sportscaster, I could give you a blow by blow description.

It has been brought to our at-

## Here and There

On Easter Sunday, April 9, for the first time in rodeo history there will be held an intercollegiate rodeo at Victorville, Calif. It will be restricted to college students only and anyone registered in colleges throughout the state of California is eligible. Many events have been planned to include girls as well as men.

This show is to be strictly non-professional, and there will be no entrance fees. All the stock and equipment are to be donated so that there will be no expenses. This will enable the management to divide the entire gate receipts in prize money or trophies.

Victorville is the place in which was held the first non-professional rodeo, and at present has the leading show of that sort in the country. Now the originators of that show are planning this inter-collegiate contest which may prove to be as successful as their original non-professional one.

## Sophomore Girls to Form New Sorority; Koehl Is Chairman

Fifteen sophomore girls, headed by Myrleen Koehl as chairman of organization, are progressing rapidly toward their goal of establishing a chapter of the Omega Nu sorority in Salinas. Betty Tholcke is the secretary of the O. N. Club. The club, and later the sorority developing from it, will be founded as a service society, and its purpose will be to promote social atmosphere and provide a spirit of charity in the community. The sorority will be composed chiefly of junior college sophomore women.

The first project of the O. N. club is the jelly bean guessing contest, held for the raising of the necessary money to buy the charter. A large jar of colorful jelly beans is located at the student store and will be given away along with two theatre tickets to the person guessing correctly the number of jelly beans in the jar. Only five cents is charged for each chance. Each chance purchased brings the O. N. club closer to its goal of forming a sorority.

Lady: "Speed! Speed!"  
Still the cab moved no faster.  
Lady: "Speed! My goodness, man; speed!"  
Wop Driver: "What for I gotta speed? I no chew tobacc"

tention that Ray Kirby is called "Parky." We wonder!

"There's something about a 'newlove'!" That seems to be the theme song of Mary Jane Raymond nowadays.

The school is getting a regular "cleaning-up" lately. Don't do too good a job; I am going to be in need of material.

And have you heard about the two Jerrys — only one spells her name "Geri"? It's quite the up-and-coming thing at the moment, only trouble being that they're both so long and slim they look like two beanpoles in a high wind... sometimes!

That's all for this week and don't forget to send in your opinion about our school this year. Remember that Work Day is coming up and we want to make it as big a success as last year's.

## From Our Prexy

From time to time issues arise that should be presented to the student body as a group. Because of regular class periods it is almost impossible to get a representative group at a student body meeting; consequently, a column seems the best method of presenting the main points of issue on student government. Your criticism of anything appearing in this column, whether it be constructive or otherwise, is earnestly desired.

Sunday we took the first step toward a more active participation of students in student government. At a joint meeting of students and faculty at President Werner's home in Corral de Tierra many of the problems confronting the college at the present time were discussed.

The students present represented as nearly as possible a cross-section of men of the student body. They were chosen from several lists of names turned in by members of the commission to form a college service club.

It goes without saying that in selecting such a group we could not help missing many who are greatly interested in college activity. However, I do believe you will all agree that it is much easier to get a smaller number organized into an active group than it would be to attempt the same thing with all interested persons included.

The primary function of this club will be to aid in every way possible each and every activity connected with the Salinas Junior College. Besides that, the members will be asked to keep in constant touch with the desires of the student body for the purpose of promoting anything that will be to our mutual advantage. The first business meeting will be held Friday evening; we will hear more of this next week.

I would like to ask your cooperation in handling the problem of parking cars in restricted areas. I believe that you are all familiar with the ruling that cars shall not be parked on Homestead and Alisal streets. It is entirely out of our hands; that ruling must be enforced. If it is not done by us, then I am afraid some fine morning we are apt to find a police officer on our front walk with a book full of pretty blue slips of paper. Don't you agree that having an officer stationed in Central Park to keep us from uprooting the place is insult enough to our good name without having another on our front lawn? Beginning Monday morning will you please park on the parking lot and thus eliminate this problem.

In closing may I remind you of the full calendar for this afternoon and evening. We have in our track meet, dance, and musical program, something that should appeal to each of you. The busses will be held tonight so let's all participate in the various events today and make each one a success.

TED SPAULDING.

## TIME DANDRUFFS ON

A fly was walking with her daughter on the head of a man who was very bald.

"How things change, my dear," she said. "When I was your age this was only a footpath."

## What the Students of JC THINK ABOUT LOVE

### By the Woman In the Hall

This originally started out as a questionnaire on the lasting qualities of love in the J. C., but soon degenerated into plain old love. Most of the students seem to feel that love doesn't exist in the J. C. except perhaps in a few isolated cases, and proceed to fling "Doris and Ralph", "Fuzzy and Lydia" and a few other married couples who met in J. C. at my head. But here are their answers:

RICHARD BARKLE: "I'll be darned if I know."

ELEANOR BEAUMONT: "Some of 'em are all right, but most of these students who say they are in love are just fooling around."

DICK HAMBY: "I wouldn't know; I'm only Cupid. Anything I can do for you?"

DON MAMMEN: "It isn't love in J. C. They don't even get around to it. They're just having a good time."

MARIE HEER: "Too much competition."

VICKY PANZIERA: "Most of the kids in school are just here for a good time. However, if a J. C. student is going with an outsider, one who is working and knows what he's doing, there is some hope of its lasting."

HOWARD LEVY: "Love! There ain't no such animal."

JAY LEWIS: "Love is a great institution. I believe in it myself. It's the reason for coming to school."

DOTTIE CROOK: "It may not be lasting, but it's interesting while it lasts."

DORIS BERNARD: "I believe that it will eventually lead to marriage because most of these couples are going together because they like each other. They will become so accustomed to being with each other that they don't find anyone else."

NETTIE WIECHRING: "Love makes the world go around, but except in isolated cases, it isn't lasting, but merely mutual attraction."

G. D. PEAVY: "It's overdone. It has its time and place but that isn't in the halls between classes. Most of the love exhibited here is puppy love and won't last two seconds."

BETTY DRAPER: "I like mine in private. This over-exuberance isn't love — it's cheap and won't last. Flitting from one to the other isn't love, either."

MARGARET FERNIE: "It's just as good here as anyplace else. The students may be young, but it's just as real to them now as it will be at any other time. I don't think it's something to be passed over lightly or ridiculed as Mr. Murrin does."

ERNE MOREHEAD: "I think most of the students who are supposed to be in love are merely in love with love. There are some who are really in love, and they are more discreet than the others. Ninety-five per cent of the so-called love in this school is flirtation and doesn't mean a thing."

## CAMPUS CLIPPINGS

### HOG-CALLING CONTEST

Students at Ventura J. C. are worried that the loud squawks and noises that have been heard around their campus are the "men from Mars". They needn't be frightened, though; it's only the Future Farmers practicing for their annual hog-calling contest. They are giving warning to the local hog raisers to lock up all of their hogs, because the contestants might receive some response to their efforts. What will they think of next?

### SWING HAS GONE SOCIETY

San Jose State College students were delighted to find that in the Macmillan Encyclopedia of Music and Musicians, definitions of "swing" and "jam" musical terms were given. Some examples are: "boogie-woogie" means very heavy base harmony; low-down rhythm means "gutbucket" stuff. Do we have one of those dictionaries here?

### GLENDAL JC TO CHANGE NAME

A petition is being circulated among the students at Glendale J. C. to drop the "junior" from the name of their school. They feel that they are not "junior" to anyone, and therefore they do not want to cripple their position.

### SANDWICH SALES BUILD BUILDING

Strange as it sounds, the proceeds from a 30-year series of sandwich sales will begin the construction of a social center for women at Northwestern. The co-eds started their work in 1911 and so far have accumulated \$200,000.

### COLLEGE SKI MEET

Five men from Sacramento J. C. were looking forward to the day of their trip to Yosemite to compete in the Pacific Coast Intercollegiate Ski meet to be held at Badger Pass. The teams entered in this meet are: Modesto, Placer, Sacramento, Stanford, California U. C. L. A., Oregon, Washington, St. Mary's, Fresno, U. S. C., Nevada, and the California Aggies. Wonder how they will come out?

### BEARDS WILL BE JUDGED

At an assembly recently at Cal Aggies, the chief purpose was to judge the bewhiskered juniors who had been training their beards for quite awhile. The judges were from the animal husbandry department; prizes were awarded for the best grade products.

thing."

BETTY KING: "Well, I've never been in love, but I think most of it is lasting."

ROBERTA WATHEN: "If the students are really in love, and really know what they want, it's lasting."

GLEN HOWLAND: "It interferes with your school work. You're not alone as much, so you can't get as much work done. And it limits your number of acquaintances. When you close your eyes to all but one person, you can't make as many friendships."

## SPORT Comments

By FLOYD WILKE

In the second biggest play-up of a sporting event of the school year, Rico Crosetti came across the finish line triumphantly in the cross-country race last Friday afternoon. Theron Mitchell placed second and Americo Vella third, one minute later. The wind played havoc with practically all the entrants except Crosetti. Rico, in unleashing a fine sprint down the home stretch with his legs prancing high and his head well up, looked as proud in victory as Alexander the Great's stallion did when Egypt opened up its gates to the all-conquering hero.

The baseball team encountered a good Salinas semi-pro team merely as a tune-up game here last Friday afternoon. The wind was so strong that without exaggeration, straight pitches in-curved and pop flies went for home runs. San Jose State frosh game tomorrow there, in the first of the scheduled games.

One last look at the basketball season. Latest statistics reveal that the team won seven games out of 23. In league competition Salinas tallied 332 points as against 465 for the opponents. Season's total was, Salinas 800 points and the opposition 919.

In the individual scoring honors Hank Eaton led the team with a total of 120 points. Red Roth was close behind with 118, and Marlin Dimick placed third with 112. Gerald Hansen, by scoring 70 points in league competition, paced the locals in this field while Dimick and Roth with 52 and 47 points, respectively, were next in line. Other point totals for the season were as follows: Hansen, 84; Vosti, 49; Wallace, 26; Dowden, 25; Trimmingham, 10.

"Pump" Vella is a four-sport man. He is out for track, baseball, boxing, and in addition holds a position on the bowling team.

Slightly Inebriated (to girl on Broadway): "Do you ever speak to strangers on the street?" Sweet Little Dove: "Oh, no!" S. I.: "Well, then, shut up!"

## Big Interclass Track Battle Today

### PANTHER NINE OPENS SEASON TOMORROW

Journeying to the Garden City tomorrow, the Salinas Junior College nine will make its first official appearance of the year against the strong San Jose State freshman baseball team.

The Panthers, members of the Northern California Junior College Conference, open their league season against Placer Jaysee a week from tomorrow, Saturday, March 18. This contest will be held on the new S. J. C. diamond.

Jack Raine, Jim Hart and Joe Garcia will take turns on the mound for the Panthers in their opening contest. These hurlers can really burn the ball in to Toru Asada, Salinas catcher. Nick Nardiello is a reserve catcher for Asada.

Holding down first base will be Val Marchi or Don Paul in tomorrow's game. Howland or Vansandt will be assigned to cover second, while Scattini is assured of the third-bagger job.

At short-stop will be Bill Frazier or Bill Cavalli. In the field the Panthers will have Wilke, Stromberg, Vella, Nerrell, Nardiello, Kawamoto, Nelson, and Ballance.

The State yearlings have played two games so far this season and dropped them both. Santa Clara frosh won from them 4 to 3, and Alameda high school won 9 to 11 from the freshmen. However, in both games San Jose collected many more hits than their victorious opponents. Panther fields will have to be on their toes for this season.

In practice games with local high school and "pick-up teams" the Panthers' batting average has been very poor. Coach Ed Adams has been putting his boys through a lot of heavy batting practice lately, and he expects the Panthers to start connecting in tomorrow's contest.

The game will start at 10 o'clock tomorrow morning at San Jose's Spartan field.

### PANTHERS LOSE

Last Friday the Salinas Junior College baseball team was defeated by the Salinas All-Stars on the new field, 11 to 8.

The game was called in the fourth inning because of a strong wind which made fielding hard for the players of both teams.

Joe Garcia, one of the ace pitchers on the squad, had quite a time finding the corners of the plate during the two innings he was on the mound; he allowed four hits. He struck out two batters and walked one. The next two innings were pitched by Hart, who allowed five hits, gave up four walks, struck out four of the opposition. Lopez, the All-Stars' chucker, allowed seven hits, gave up four walks, and had four strike-outs.

### JAYSEE TENNIS TEAM DEFEATS SAN JOSE STATE; HANSEN STARS

Salinas J. C. Panthers were victorious over a San Jose State tennis team by a score of 5-2 in the matches played at San Jose last Friday.

The Salinas netsters showed an improvement over their last match played at Stanford. Gerald Hansen, top-ranking Salinas student, won his match easily, 6-2, 6-3. The other matches, however, were hotly contested. Good playing by the Panthers defeated the San Jose team.

On March 18 the Junior College Tennis League will open with the Panthers meeting San Mateo J. C. at San Mateo.

Scores on the matches at San Jose were as follows: Hansen (Sal) d. Payne (San Jose) 6-2, 6-3. Gee (Sal) d. Farley (San Jose) 6-3, 7-5. Oda (Sal) d. Nasif (San Jose) 9-7, 6-4. Mammen (Sal) d. Myers (San Jose) 9-7, 8-6. Savin (San Jose) d. Sullivan (Sal) 6-1, 6-0.

In the doubles matches the results were as follows: Hansen and Gee (Sal) d. Payne and Farley (San Jose) 6-3, 6-0. Nasif and Myers (San Jose) d. Oda and Mammen (Sal) 6-2, 6-2.

### Rico Crosetti Winner Of Cross-Country Dash

Covering the three-mile cross-country course in the winning time of 17 minutes, 30 and seven-tenths seconds, Rico Crosetti made good his boast of beating "Pump" Vella in the first annual cross-country run.

Crosetti showed he was master of milers in this institution by finishing 150 yards ahead of his nearest competitor. Vella, a most worthy winner of the third place medal, showed possibilities of development. Of course the feud was a lot of "hoovey" and the boys are the best of pals.

Second place was won by Theron Mitchell; fourth place went to Melvin Sanders; fifth place finished Leslie Stocking. Jack Ehrich, from Gilroy, ran a good race but failed to place in the first five.

The first five athletes, who placed in the cross-country run will receive medals. Rico Crosetti, the winner, will be presented the Harris B. Sproles award now on display at the book store.

Only the distance runnefs of the Jaysee squad, which numbers a turn-out of more than 40, participated in the cross-country event which led over plowed fields, through orchards, ad infinitum and to some ad nauseum.

He (after five minutes of embarrassing silence): "Don't you think the floor is unusually flat tonight?"

## Freshman, Sophomore Vie for Honors Today

Loyal freshmen rooters! Loyal sophomore cheer men and women, don't miss the big second annual track and field interclass meet at the new Salinas Junior College track TODAY!

No sooner is one feud

### INTRA-BUS NINES CLASH NEXT WEEK

The intramural softball season will soon be underway when teams from the Gilroy, Santa Cruz, King City, and Watsonville bus groups, and a team from the "Oregon house" will compete for top honors.

The schedule starts next week, according to Val Marchi, organizer of the softball tournament, and games will be played in the afternoon during eighth and ninth periods.

Anyone interested in entering a possible championship team or competing in the tournament should see either Coach Adams or Marchi and sign up before play starts.

### Commerce Course In S. F. Is Offered By Western Union

In the first week of March the total number of students receiving positions as a result of the efforts of the placement bureau equaled 50 per cent of the entire number placed in the whole of February.

Miss Lescisin wishes to announce that Western Union is offering a three months' course in San Francisco free of charge to any men or women students interested in telegraphy or teletyping, on the condition that they pass an aptitude test and be able to type.

The Western Union Company is offering this opportunity to those interested because there are several teletypes scattered over this agricultural district and during the busy season it is very difficult to find trained operators.

Miss Lescisin wishes that all those interested would come in to see her to obtain all of the details.

### "The Slingin' Fool"

Harold Vorheis, the "Slingin' Fool", is from the hills of old Watsonville. Harold throws the Greek disc consistently in the neighborhood of 140 feet, and is the holder of the N. C. J. C. C. record, which he established last year at Santa Rosa with a toss of 133.4.

Physically well stacked, Vorheis has no small potentialities of breaking the existing N. C. J. C. C. shot put record set by George Lyman, formerly of Santa Rosa, and later an Olympic winner. Harold may yet realize his ambition of holding two records. Go get 'em, Vorheis! That's all!

over than another one begins, namely, the growing feeling between the second-year student track men and the "mighty frosh". For weeks an undercurrent of revenge for the defeat of the annual Field Day has been smoldering in the blood-red minds of the students who refer to themselves as sophomores.

Favorites to win the meet are the members of the freshmen class, boasting such stars as Rico Crosetti, Larry MacLean, Benny Robinson, Roger Romine, Dayton Lawson, Jay Lewis, and "Spike" Holloway. Numerous other freshie track contestants are expected to bring in a few points.

All the present records on the books are expected to fall, in this event. The new marks made will be accepted, rain or shine, wind or no wind.

Coach "Bud" Winter will keep a watchful eye on Larry MacLean who promises to be the greatest hurdle man ever developed at this institution. With the numerous entries it looks as if it might be "dark horse day." To you sport fans, this term means athletes that show up well and can be developed into outstanding track and field men.

All events except the 440 will be run off today. The sophomores' challenge to the freshmen will be backed up by men such as "Pump" Vella, Joe Garcia, Art Meese, Gordon Bain, and other familiar names.

### Trophies

To the winning class will go a beautiful cup for its triumph in defeating the other class. The high point man will receive a gold medal; second highest point man, silver award; and the third place athletes will win a bronze medal. The novice prize will be a \$3 binder presented by the local junior college.

### Present Records
